

Energy Performance Certificates as a Policy Tool: Insights and Perspectives from Italy and Europe

25 March 2026, Brussels | 11.00-13.00
European Parliament, Altiero Spinelli Building, Room ASP 1H1

This event gathers EU institutions, energy agencies, and sector stakeholders to **explore how Energy Performance Certificates, Smart Readiness Indicator and One-stop shops can strengthen Europe's energy transition**. The discussion will highlight key findings from **Italy's 2025 Certification Report** and offer a forward-looking view on policy and implementation.

Agenda

- 11:00** **Registration & welcome coffee**
- 11:15** **Welcome Address**
Ilaria Bertini, ENEA - Head of Energy Efficiency Department
- 11:25** **Keynote Speech**
