

11th International Workshop on Numerical Modelling
of High Temperature Superconductors

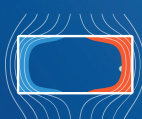

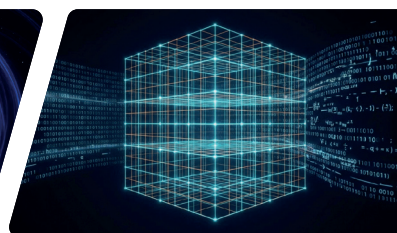

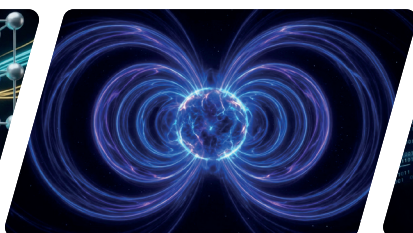

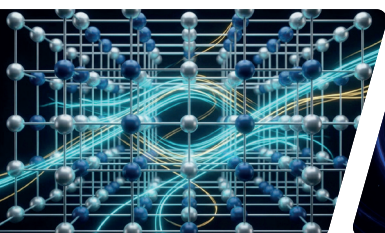

SAVE THE DATE

11th International Workshop on Numerical Modelling
of High Temperature Superconductors

JUNE 2028 · ROME, ITALY

*The international community working on numerical modelling
of high-temperature superconductors meets in Rome.*

More information coming soon

11th International Workshop on Numerical Modelling
of High Temperature Superconductors

**11th International Workshop on Numerical Modelling
of High Temperature Superconductors**

JUNE 2028 · ROME, ITALY

*An international workshop dedicated to numerical modelling
of high-temperature superconductors, bringing together
researchers and experts to exchange knowledge, discuss
advances and explore new developments in the field.*
