GCoM in a nutshell

10,500+
Cities

970 million+
People

12%
Global Population

140
Countries

GLOBAL COVENANT
of MAYORS for
CLIMATE & ENERGY

A global alliance of local governments committed to taking voluntary action to combat climate change

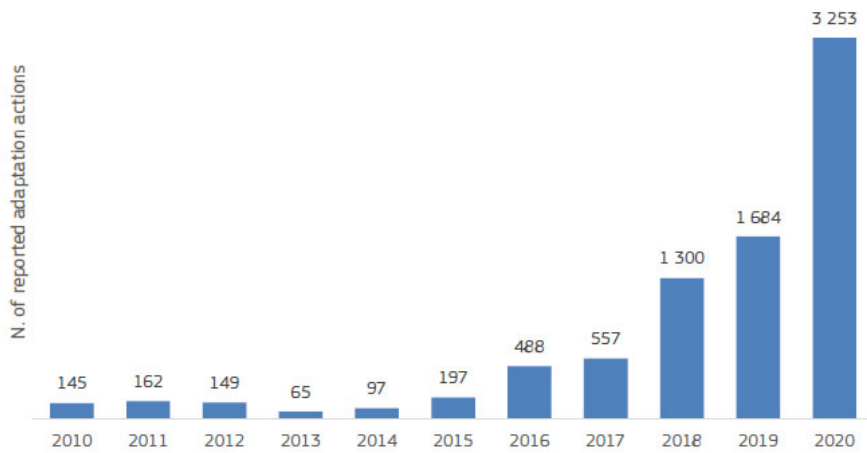

CITY JOURNEY AND PLANNING PROCESS

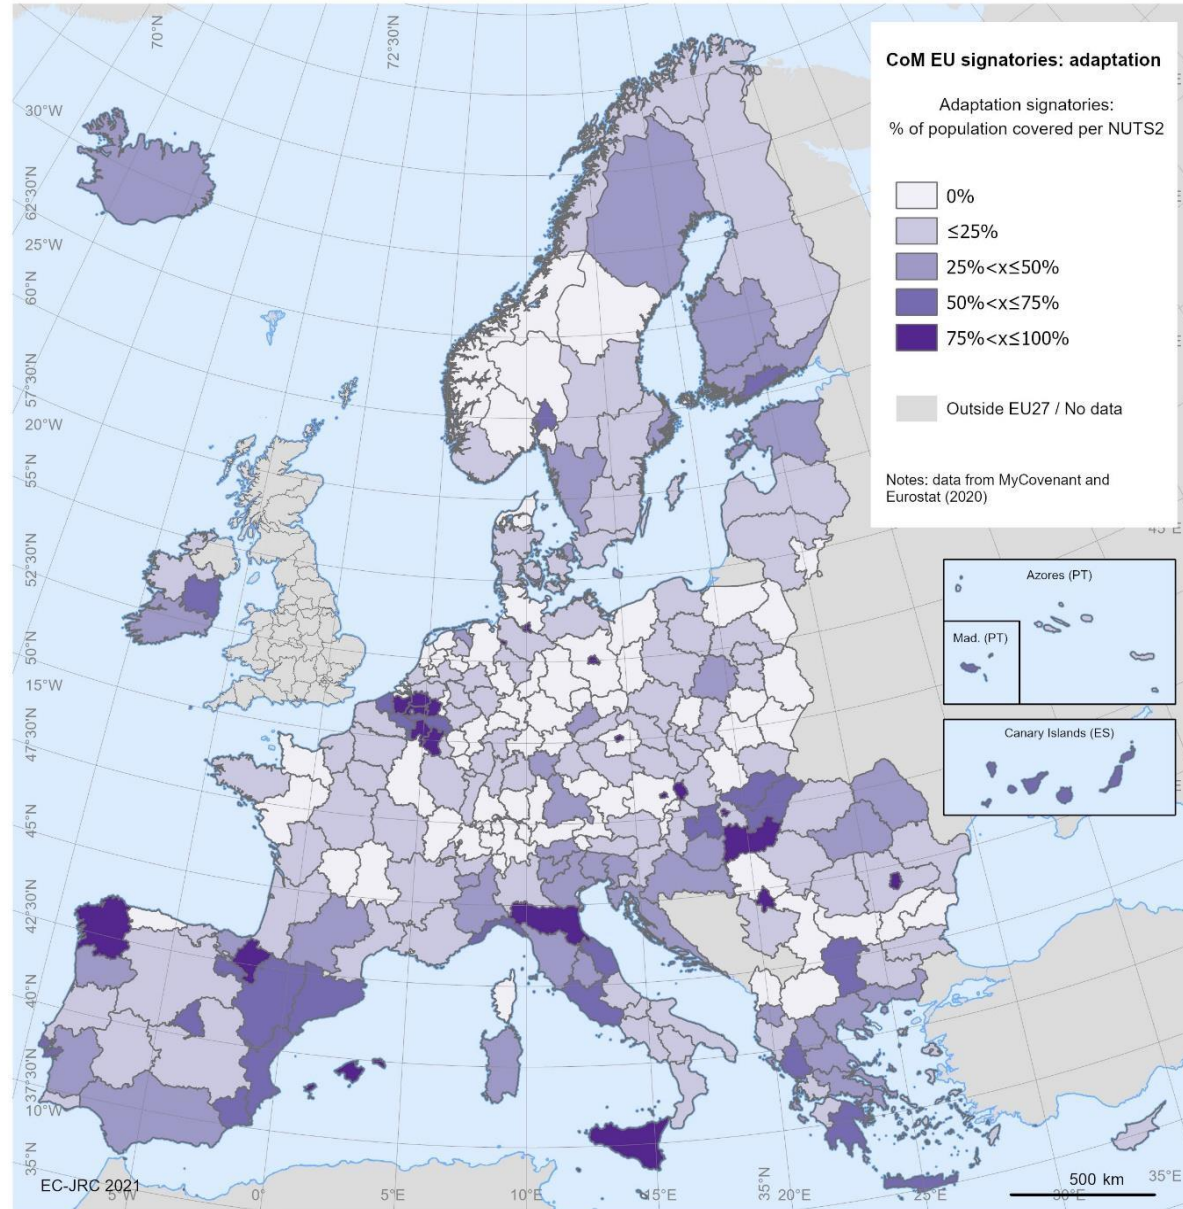

All experiences are different! This is a path of reference that you can adapt to your own situation.

CoM EU signatories committed to adaptation: population covered per NUTS2

Number of adaptation actions with their implementation start year

Source: JRC elaboration based on GCoM data

Signatories and adaptation action plans

(data: MyCovenant, May 2022*)

| Region | Signatories committed to adaptation | Signatories with a RVA | Number of climate risks reported | Number of adaptation action plans | Number of Adaptation actions |
|-----------|-------------------------------------|------------------------|----------------------------------|-----------------------------------|------------------------------|
| May 2022* | 3 660 | 1 630 | 10 458 | 1 200 (from 1 388 signatories) | 17 000 |

*data before cleaning and data scrutiny process to be finalized by JRC
